OPSC OAS

Mains Test Series 2025

OVERVIEW

Are you ready to excel in the OPSC OCS Mains 2025 examination? Look no further than APTI PLUS Academy's comprehensive OPSC OCS Mains 2025 Test Series Program. Designed to enhance your preparation and boost your performance, this programme is tailored to meet the needs of aspirants aiming for success in the OCS Mains Examination.

■ Comprehensive coverage: Master every subject

Our test series offers comprehensive coverage of the OPSC OCS Mains Syllabus. With 23 high-quality tests (8 GS, 2 PYQs, 8 FLTs, 2 Essays, 2 Odia Languages, 1 English), you'll have ample opportunity to sharpen your knowledge and understanding of every subject.

■ 1:1 Online Feedback Sessions: Personalized Guidance

1:1 Online Feedback Sessions: Personalized guidance You'll have the opportunity to discuss your performance, clarify doubts, and receive valuable feedback from experienced mentors in one session each on GS, Ethics and Essay. These sessions will help you identify your strengths and weaknesses, allowing you to focus on areas that require improvement.

■ Mains Discussion Classes: Enhance your skills

In addition to the test series, our program includes mains enrichment classes specifically focused on essay and ethics. These classes are designed to provide you with in-depth knowledge, guidance, and strategies to excel in the essay and GS papers.

■ Expertly crafted questions: Tackle any challenge

By tackling a variety of question types and difficulty levels, you'll develop the skills and confidence needed to excel in the OAS mains examination.

■ Detailed evaluation: Identify areas of improvement

Receive detailed evaluations of your performance in each test. Our expert evaluators will provide personalized insightful feedback. This will help you identify your weaknesses and fine-tune your preparation strategy, ensuring continuous progress and growth.

(Q. No.) [Redacted]

5. Identify the main volcanic belts of the world. What are the positive effects of volcanic eruptions? (10 marks, 150 words)

Volcanoes refer to the eruptions of lava on the surface of the earth due to endogenous forces and plate movements (diverging or converging).

Major volcanic belts

(A) Pacific Ring of Fire - less more than 70% of the world's volcanoes due to convergent plate boundary making it extremely technically active. (Hawaii)

(B) Mid Atlantic Ridge - marked by divergent boundary - formation of volcanoes due to creation of new land.

No objective segregation of awarding marks

Evaluation Process of **APTI PLUS** vs. Others

At **APTI PLUS**, we go beyond the conventional practice of merely assigning marks based on the content written by students. Unlike typical evaluations (done by other Institutes) that stop at providing a score, our approach emphasizes a deeper level of engagement with the student's answer. We not only assess the answer but also identify specific gaps or loopholes that may hinder its overall quality.

Where many Institutes might simply offer marks with generic feedback, **APTI PLUS** provides comprehensive, personalized and actionable feedback. We ensure that each student understands not only what is missing but also how to improve their answer by incorporating relevant insights, enhancing structure and deepening analysis. Our evaluations are objective yet tailored, offering value-added suggestions to help students move from a good answer to an exceptional one.

This comparative focus on detailed feedback, continuous improvement and individual student development sets **APTI PLUS** apart, making our Test Series more effective and impactful for aspirants aiming to excel in competitive exams.
